Physically disabled: In accordance with the provisions of chapter 196 of the Acts of 1946, as amended, persons who were eligible to register and vote but unable to appear at a registration office due to physical disability were registered in private homes or health care facilities in which they resided at the time of their requests. Persons so registered, or found on the voting list, were furnished with an application for absentee ballots.

NUMBER OF VOTERS

At the City Election, held on November 5, 1985, the number of registered voters on the list was 285,216. The number of voters on the first list published by the Board for 1986 was 238,681. From that time to the close of registration for the State Election there were added the names of 25,826 voters. Included in this figure are the names of 8,425 voters who were restored to the voting list without registration under the provisions of chapter 244 of the Acts of 1947, as amended, and chapter 555 of the Acts of 1973, as amended. The number of voters on the day of the State Election, held on November 4, 1986, was 264,507, a decrease of 20,709 below the number of voters on the list preceding the City Election. The number of voters on the final list was 264,507.

NOMINATION PAPERS, REFERENDUM AND RECOUNT PETITIONS

The Board received 4,493 nomination papers for the State Primaries on which 80,151 names were certified; 785 initiative petitions on which 13,831 names were certified; and 5 recount petitions on which 51 names were certified. A total of 5,283 papers were filed on which the names of 94,033 voters were certified.

RECOUNTS

A recount of votes cast in the State Primaries for the office of Representative in the General Court in the Sixth Suffolk District, Ward 14 only, was held on September 29, 1986.

REVISION OF THE VOTING LIST

The names of 12,235 voters were stricken from the voting list by reason of death, removal from the city, and other causes.

JURORS

As provided under Mass. General Law, chapter 43, the office of the Jury Commissioner has assumed the responsibility for the selection of jurors in Suffolk County. A list of all residents in Boston was provided for the Jury Commission prior to June 1 as required by law.

PUBLIC LAW 98-435

The Board of Election Commissioners undertook a survey of all the city's polling locations for compliance with the Voting Accessibility for the Elderly and Handicapped Act, Public Law 98-435. All sites are to be in compliance by September 1986.

ABSENTEE VOTING

Absentee voting applied to the State Primaries and to the State Election in accordance with chapter 632 of the Acts of 1968, chapter 920 of the Acts of 1971, and chapter 123 of the Acts of 1966, as amended, regulating the method of processing and counting absentee ballots made it mandatory that, after the processing and examination of the affidavits in the central office is completed, the absentee ballots must be sent to the precinct polling places to be cast and counted; then the said count of absentee ballots cast had to be added to the count of votes cast by use of the voting machines, so that the precinct total could be recorded and reported at the precinct level.

Chapter 267 of the Acts of 1975 allowed that absentee ballots received on election day shall be processed and examined in the central office and may be counted at the office at the hour of closing the polls. After the canvass and the count has been completed, each precinct tally sheet, official returns book and check list shall be amended when delivered to the central office.

Chapter 368 of the acts of 1966, further regulating absentee voting, made it possible for a registered voter who would be absent from the city on the day of the election, and who had no mailing address outside of Boston to which a ballot could be mailed and seasonably returned in time to be sent to the polling place before the close of the polls on election day, to receive a ballot in hand and vote by such ballot in the central office before he departed from the city.

On July 21, 1984, the Governor signed chapter 241 of the Acts of 1984, "an act further regulating absentee voting by certain overseas citizens of the Commonwealth" to be effective immediately.

The new law makes two changes in the law for Massachusetts residents who are absentee voters outside the United States.

1. For all primaries and elections, the law eliminates the present requirement that these voters vote in the presence of an official and have their signatures notarized on the inner absentee ballot envelope.
2. For State general elections only (for example, the November 6, 1984 Presidential Election), the law requires you to count absentee ballots mailed by voters on or before election day, if you receive them on or before the tenth day after the election.

Set forth below are statistics relating to absentee ballots for the State Primaries and State Election, 1986.

DISTRICT REPRESENTATION

In accordance with chapter 549 of the Acts of 1977, further amended by chapter 605 of the Acts of 1982, the City Council passed an ordinance establishing nine City Council Districts and nine School Committee Districts to take effect for the 1983 City Preliminary and City Election.

The Board was advised by the Corporation Counsel that a Federal Court Order had struck down the City Council Ordinance and ordered a new delineation of several precincts of the city into new districts and further ordered the city to set new election dates if required.

The above changes resulted in a Home Rule Petition being drafted by the City Council and passed by the Legislature, designating new dates for the City Preliminary and City Election. Also, resulting in a redrafting of the political calendar for the year 1983. (Copies of the above Acts, Orders and Ordinances are on file in this office.)

**VOTES CAST ON PROPOSED AMENDMENT TO THE CONSTITUTION
STATE ELECTION, NOVEMBER 4, 1986**

QUESTION 1

Proposed Amendment to the Constitution

The proposed constitutional amendment would allow the legislature to prohibit or regulate abortions to the extent permitted by the United States Constitution. It would also provide that the state constitution does not require public or private funding of abortions, or the provision of services or facilities for performing abortions, beyond what is required by the United States Constitution. The provisions of this amendment would not apply to abortions required to prevent the death of the mother.

STATE ELECTION, NOVEMBER 4, 1986**

QUESTION 2

Proposed Amendment to the Constitution

The proposed constitutional amendment would allow the expenditure of public funds for private schools and private school students.

It would remove primary and secondary schools from the list of non-public institutions barred from receiving public aid and would allow public money, property, or loans of credit to be used for founding, maintaining, or aiding those schools. The proposed amendment would also allow public financial aid, materials, or services to be provided to a non-public school student requesting such aid, but only if that school does not discriminate in its entrance requirements on the basis of race, color, national origin, religious belief, sex, or physical handicap. The state legislature would have the power to impose limits on aid, materials, or services provided to students.

**VOTES CAST ON LAW PROPOSED BY AN INITIATIVE PETITION
STATE ELECTION, NOVEMBER 4, 1986**

QUESTION 3

Law Proposed by Initiative Petition

The proposed law would reduce and then repeal the 7½ % surtax on Massachusetts state income taxes and would limit state tax revenue growth to the level of growth in total wages and salaries of the citizens of the state.

It would set the rate of the surtax on Massachusetts state income taxes at 3¼ % for tax years beginning during 1986, and it would repeal the surtax for tax years beginning on or after January 1, 1987.

The allowable state tax revenues for any fiscal year are limited to the allowable state tax revenues for the prior fiscal year as increased by the average rate of growth of Massachusetts wages and salaries for the three immediately preceding calendar years. For purposes of calculating the proposed limit for fiscal year 1987, allowable state tax revenues for fiscal 1986 are the net tax revenues for that fiscal year, but excluding revenues derived from the surtax on state personal income tax. Further, if in any fiscal year the calculation of the limit results in allowable state tax revenues less than the amount of allowable state tax revenues for the prior year, then allowable state tax revenues for that fiscal year shall be equal to the allowable state tax revenues for the prior year. The revenues limited by this law would not include non-tax revenues such as federal reimbursements, tuitions, fees and earnings on investments.

The amount of allowable state tax revenues for any fiscal year would have to be reduced if a new state law were enacted allowing local governments to impose new or increase taxes or excises. The reduction would be equal to the amount of revenue derived from the new tax or increase. The reduction in state tax revenues would first take effect in the fiscal year following the enactment of the new law authorizing new local taxes or increases.

If state tax revenues exceed the limit imposed by the proposed law, as determined by the State Auditor, a tax credit would have to be granted equal to the total amount of excess tax revenue. The credit would be applied to the then current personal income tax liability of all taxpayers in proportion to their personal income tax liability in the preceding year.

The provisions of this Act could be enforced in court by a group of taxpayers.

**VOTES CAST ON LAW PROPOSED BY AN INITIATIVE PETITION
STATE ELECTION, NOVEMBER 4, 1986**

QUESTION 4

Law Proposed by Initiative Petition

The proposed law would require the state Department of Environmental Quality Engineering (DEQE) to search for sites in the Commonwealth where oil or hazardous materials have been disposed of and to take all steps necessary to clean up those sites within specified time limits. Provisions are made for informing the public about sites in their communities.

Beginning on January 15, 1987, DEQE would be required to publish lists every three months of all sites where it has confirmed that uncontrolled oil or hazardous materials have been disposed of and locations to be investigated as possible disposal sites. The lists would describe what actions have been taken at each site or location. DEQE would be required to list, to the extent that it has identified, at least 400 possible disposal sites by January 15, 1987, 600 additional locations by January 15, 1988, and 1,000 additional locations in each subsequent year.

Within one year after a location is listed as a possible disposal site DEQE would be required to determine if further investigation is warranted. If so, within two years after the listing, DEQE must confirm whether the location is a disposal site, and whether it poses an imminent or substantial hazard to health, safety, public welfare or the environment.

For sites found to pose a substantial hazard, DEQE would be required, within the next two years, to ensure that those hazards are eliminated and to develop a plan to eliminate permanently future risks from those sites. Imminent hazards would have to be eliminated immediately. For sites found not to pose any substantial hazards DEQE must, within seven years after the listing, ensure that the full extent of contamination is evaluated and that a plan to eliminate permanently future risks is developed.

The proposed law would require DEQE to provide public notice and encourage public participation. Within 30 days after completing a site investigation, DEQE would have to inform the public through local newspapers of the results of that investigation and of the rights of local citizens under the state law. If ten citizens of a town potentially affected by a site submit a request, DEQE would be required to develop a plan for involving the public in its cleanup decisions and present that plan at a public meeting. The chief municipal officer of a city or town in which a disposal site is located could appoint individual(s) to inspect the site on behalf of the community.

Massachusetts residents could bring lawsuits to enforce the provisions of the proposed law or to lessen a hazard related to oil or hazardous materials. If such a lawsuit is brought, a court could award costs, including reasonable fees for attorneys and expert witnesses.

**VOTES CAST ON REFERENDUM ON AN EXISTING LAW
STATE ELECTION, NOVEMBER 4, 1986**

**QUESTION 5
Referendum on an Existing Law**

SUMMARY

The law requires all drivers and passengers to wear properly adjusted and fastened safety belts while traveling in motor vehicles on public ways. It does not apply to: children under five years old who are required by another law to wear safety belts or be restrained in safety car seats; passengers in vehicles where all safety belts are being used by others; passengers in buses; persons riding in vehicles built before July 1, 1966, or in which safety belts were not installed as original equipment; or persons who are certified by a physician to be physically unable to use safety belts. The law also does not apply to police officers, rural mail carriers, or drivers or passengers of other vehicles that stop frequently and travel at speeds not exceeding 15 miles per hour between stops.

Drivers or passengers sixteen years or older who do not wear safety belts are subject to a \$15.00 fine. The driver of a vehicle is also subject to a \$15.00 fine for each passenger under sixteen who does not wear a safety belt. This law, however, can be enforced only if the driver is stopped for a violation of another motor vehicle law. Safety belt violations will not result in surcharges on motor vehicle insurance premiums. The law also requires that when the Commissioner of Insurance sets motor vehicle insurance rates, the rates must reflect any savings attributable to increased use of safety belts.

The law also requires that all motor vehicles manufactured after September 1, 1989, that are sold or registered in Massachusetts be equipped with crash protection devices, as specified by federal regulations. Any manufacturer who sells or delivers motor vehicles that are not equipped with such safety devices will be subject to a fine of not more than \$100 for each sale or delivery. This law is not intended to eliminate the federal requirements for passive crash protection devices in motor vehicles.

The law also provides that a non-binding question, unlike this binding referendum, shall be placed on the 1986 general election ballot asking whether the voters approve of the law.

**VOTES CAST ON LAW PROPOSED BY AN INITIATIVE PETITION
STATE ELECTION, NOVEMBER 4, 1986**

QUESTION 6

Law Proposed by Initiative Petition

SUMMARY

The proposed law would provide a system of voter registration by mail applicable to all qualified voters and would eliminate statutory provisions permitting certain persons to vote only for presidential electors.

Under this proposed law, the State Secretary would be required to prepare blank forms for affidavits of registration. The Secretary and local boards of registrars would be required to make such forms available to any person eligible to vote in whatever quantity the person requests and to transmit such forms, upon written request, to any person claiming to be qualified to vote. Registrars would also be required to make these forms available at all post offices and at other places within their municipalities. The Secretary would be required to establish a reasonable fee for providing more than 50 forms and to prepare instructions to accompany the forms.

A person seeking to register to vote would be required to complete the affidavit of registration and sign it under oath in the presence of a witness who is at least eighteen years old. The witness would be required to certify that the affidavit was signed in his presence and to date the affidavit.

A completed affidavit of registration could be either delivered or mailed to the appropriate registrar's office. If, from the facts set forth in the affidavit, it appears that the person is qualified to vote, the registrars would be required to add the person's name to the list of registered voters and to so notify the person by first-class, non-forwardable mail, unless the person's name already appears on the local list of residents at the same address. The cost of mailing such notices would be assumed by the Commonwealth, subject to appropriation. If in any year the General Court fails to appropriate funds for that purpose, such notices would not have to be sent. If such a notice is returned undelivered, the city or town clerk would be required to instruct election officials to challenge the person's right to vote at the next election in which he attempts to vote.

The proposed law would also impose criminal penalties of imprisonment for up to two years or a fine up to \$2,000 for knowingly or willfully making a false affidavit, taking a false oath, or signing a false certificate relative to the qualifications or registration of any person to vote.
